Hill Directory Company, Publishers

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of the Belmont, Cramerton, Mount Holly and Stanley City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 City, County, State and National Directories).

Confidence in the growth of Belmont, Cramerton, Mount Holly and Stanley's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Belmont, Cramerton, Mount Holly and Stanley to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Belmont, Cramerton, Mount Holly and Stanley City Directory will fulfill its mission as a source of authentic information pertaining to the communities.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the communities, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Belmont, Cramerton, Mount Holly and Stanley, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of

Belmont, Cramerton, Mount Holly and Stanley, and the name, official personnel, nature and address of each firm and corporation in the communities. A special feature of this section is the listing of telephone numbers.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

Community Publicity

The Directory reflects the achievements and ambitions of the communities, depicting in unbiased terms what they have to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Belmont, Cramerton, Mount Holly, Stanley and vicinity.

The Belmont, Cramerton, Mount Holly and Stanley Out-of-Town City Directory Libraries

Through the courtesy of the publishers of the Belmont, Cramerton, Mount Holly and Stanley City Directory, a Directory Library is maintained in the offices of the Belmont Chamber Of Commerce, and the Mount Holly Chamber Of Commerce, for free reference by the general public. These are two of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

Belmont is located in what is known as the South Point section of Gaston County. This section is formed by the junction of the South Fork River with the Catawba River. Two hundred years ago this section was inhabited by thousands of the tribe of Catawba Indians, and it is from this tribe that the river which divides Mecklenburg and Gaston counties gets its name.

No section of Gaston County is richer in history than this section, in which Belmont is located. During the War of the Revolution, Major Wm. Chronicle, from this section, together with many from South Point,

fought in the battle of Kings Mountain and in other important engagements in the war.

Many from this section, with family names now prominent in Gaston County, served in the Civil War. The same was true in the Spanish-American War of 1898 and the World War of 1917 and 1918, and of those who served in World War II and the Korean War.

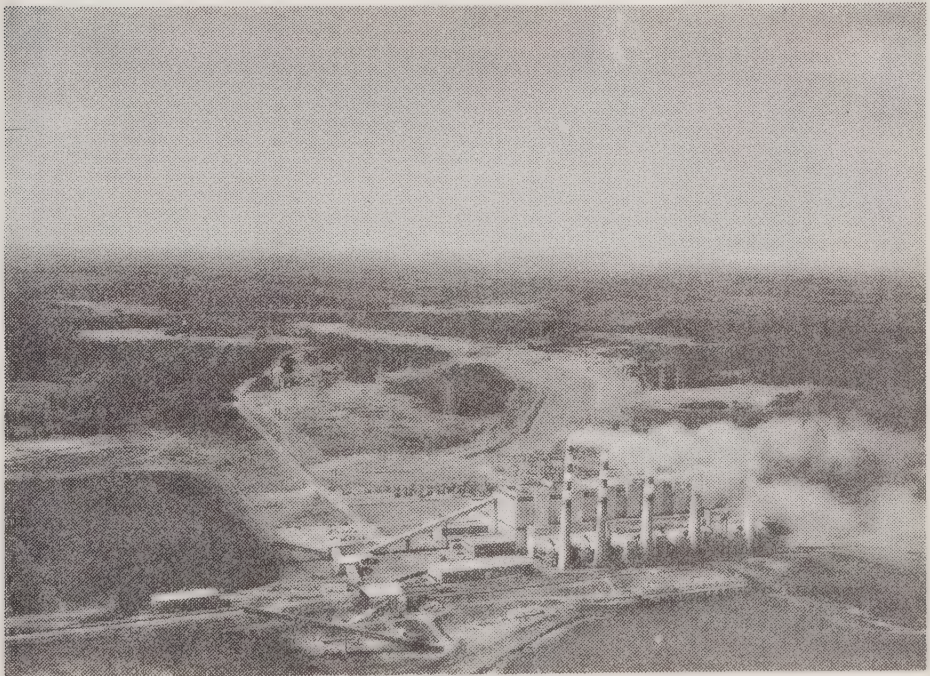

An example of the rich history of this section is the monument, near Belmont, erected on what is alleged to be the spot where Nancy Hanks, mother of Abraham Lincoln, lived with her uncle, Dicky Hanks, during her girlhood, before marrying Thomas Lincoln and moving to Kentucky. The monument is of granite, and stands in South Point Township of Gaston County, a mile from Belmont, on the farm formerly owned by the late C. T. Stowe. It was erected by descendants of Mr. Stowe.

The Southern Railway built its road through this section in the early 1870's, and this hitherto agricultural section soon became a trading center of much importance. In 1878, leaders of the Order of St. Benedict, with Leo Haid as director founded a monastery here, which is known as the Belmont Abbey, and about that time this trading center was named "Garibaldi." In 1895, by an act of the General Assembly of North Carolina, Belmont became an incorporated town with a population of approximately 100.

During the 70 years that have come and gone since then, the town has grown rapidly. In 1900, the population of Belmont was 145; in 1910, 1,176; in 1920, 2,941; in 1930, 4,121 and in 1940, 4,356; in 1950, 5,330. The U. S. Census of 1970 gave the town a population of 5,054.

This community, known as "Greater Belmont," has a population of 17,500.

Belmont is primarily a manufacturing town. In its trade territory there are 30 manufacturing establishments, employing 6,500 men and

Duke Power Company—Plant Allen

women and having a payroll in excess of \$15,000,000 annually. The majority of these plants are spinning mills. Others include a dye plant, a processing and finishing plant, a silk-throwing plant for the manufacture of men's hosiery, two plants manufacturing full-fashioned hosiery, a box factory, a lumber company and several knitting mills.

The products of most of these manufacturing corporations are sold in every country in the world.

Belmont has a city manager form of government, with a mayor and five councilmen elected at large. Its finances are in excellent condition, the town having taxable property amounting to \$24,357,596, and with a tax rate of only \$1.35 per \$100.

Belmont has all the conveniences found in the larger cities. It has twenty-six miles of sewer line. It has 25.97 miles of paved streets completed. It has 2 miles of secondary streets; over ten miles of concrete sidewalks; a modern water system; adequate departmental equipment, including 2 modern fire trucks, tractors, trucks and other accessories, a community house and recreational center; a modern athletic field, including parks, tennis courts, football field, baseball field, and a stadium with a seating capacity of 4,000, representing an expenditure of more than \$2,000,000 in permanent capital assets of the city.

Numerous championship athletic teams and dramatic and forensic groups have been produced at Belmont High School and at Belmont Abbey. Two years after Belmont High School's band was organized, it won the national championship in its class at a national tournament in Richmond, Va., in the spring of 1941.

While speaking of schools, it must not be overlooked that Belmont is a college town. For here are situated Belmont Abbey College for men, and the Sacred Heart College for women.

Belmont Abbey College is the oldest Catholic institution of higher learning in the South Atlantic states. It draws its students from throughout the North and the Atlantic Seaboard and from a number of foreign

SACRED HEART COLLEGE**

countries. An increasingly large number of students from Belmont and Gaston County attend this institution.

Sacred Heart College for Women is sponsored by the Sisters of Our Lady of Mercy. It also numbers many Gaston County young people among its students. Sacred Heart is now a four-year senior college.

Belmont Abbey is a Benedictine monastery, the abbot of which is an ordinary; that is, he has jurisdiction over the eight counties of western North Carolina akin to the jurisdiction of a bishop of his diocese. It is the only abbey of its kind in the United States.

Because of the connection of the abbot-ordinary, the Abbey church is also a cathedral—the only abbey cathedral in the United States. The stained glass windows in the Abbey Cathedral are from Myers Brothers studios in Munich, Bavaria. They are nationally-known because they were awarded the gold prize at the World's Fair in Chicago in 1892.

Of great historical interest on the campus of the Belmont Abbey College is the Slave Block (perhaps the only genuine slave block in the country). It is a round block of natural stone, measuring about three feet in diameter and about $4\frac{1}{2}$ feet in length. Slaves were sold and exhibited on this stone in antebellum days.

Another point of interest on the Abbey campus is the Dutch Oven Bakery of the institution. This bakery has been in use for over 50 years, and the baking is still done in this old form of fireless cooking. Also of religious interests is the Grotto on the Abbey campus. It is an outdoor chapel recessed in the side of a hill in a rustic stone setting, a shrine at which religious services are held.

Nearly all the civic clubs have units or chapters in Belmont. The Belmont Rotary Club, the Belmont Kiwanis Club, the Belmont Business and Professional Women's Club, also Belmont Lions Club, Optimist Club, the American Legion, the Legion Auxiliary, the Parent-Teachers Association, the Belmont Chamber of Commerce—these organizations are all working actively towards the building of a larger community and a more worthwhile city.

The citizens of Belmont are a church-going people. All leading religious denominations are represented here. Forty-seven churches furnish the citizens ample places for worship. Each of these has an able and well-qualified man as pastor. These fine churches, with their large and loyal congregations, add much to the attractiveness of the town, a convincing inducement for the people to locate here permanently.

The American Legion Building is located on Park Drive. This beautiful building, complete in detail and furnishings, was donated to the American Legion by the Lineberger Foundation of Belmont, North Carolina. This structure serves as The Home of the Auten-Stowe Post No. 144, American Legion, Civic Club meetings are held here and the building is frequently used for social gatherings of many groups and parties.

All in all, Belmont is a wholesome, friendly community with a promising future to match its rich past. There is a spirit of cooperation among the people and the business of the community, the pride in the growth of Belmont's industries and varied institutions. There is a deep consciousness of the history of the town, and the people look confidently towards the future, feeling sure that the community will continue to prosper and grow.

CASHIERS! TELLERS! — CLERKS! —

**Do your employers furnish you with
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Do Not Lend Your
CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

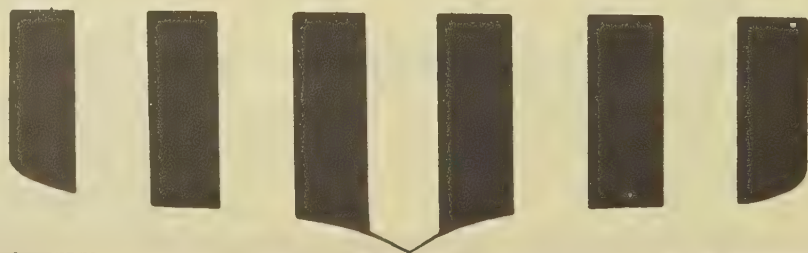

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Don't Use An Old Directory!

●

One address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

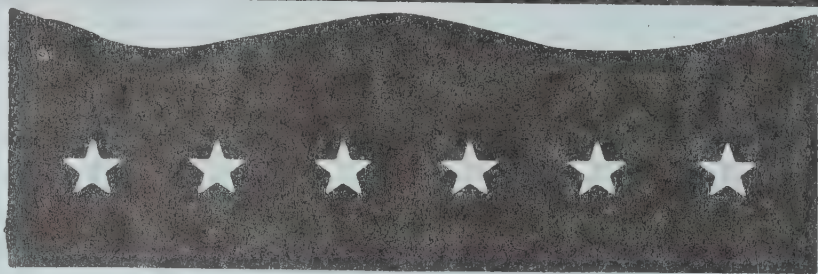

●

Why not avail yourself of fresh information for your daily use?

CAUTION

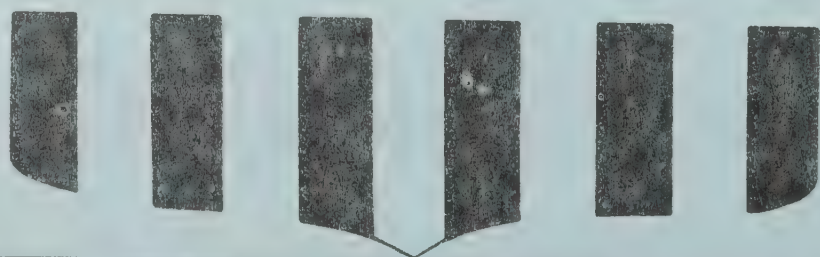

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for **THREE HUNDRED and FIVE** days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

**CONSULTATIONS OR CIRCULATION
CONSULTED**
